Victim / User

Logs in with **Docket Number + Password** - no email involved at all.

Docket format	Who	Notes
NHAA-2026-0000001 (self-registered format)	Pravin (docket 1)	Real working example - password Mansakha@2026
NHAA-2026-0000002 (self-registered format)	Pravin (linked docket 2)	Same person, second case, same password
DOC-XXXXXX / plain integers	Older staff-provisioned victims	Legacy format, still valid for existing accounts

New self-registered victims (via the app's "Register here" flow) get a freshly generated NHAA-2026-XXXXXXX docket and a **random** temporary password - not a fixed shared one - delivered by SMS to their own phone. Staff-provisioned victims (District Admin) get the fixed default password **User123**, forced to change on first login.
